**LETTER OF RECOMMENDATION**

**Mr. Joseph P. Oshry**

**As a professional Dance Director and Choreographer it is with sincere pleasure that I write this letter in support of Joseph Oshry, Lighting Designer.**

**I have had the distinct fortune to cross paths in our production projects and we have developed an excellent working relationship that has led to enhanced performances. Mr. Oshry's lighting design contributed substantially to the artistic concept of the performances we shared. This is a man in control of his profession, reaching out to all participants in a project with openness and good will. He takes painstaking trouble to insure he understands a choreographer's intent and develops, well in advance of stage calls, a complete Lighting Plot from which we then deftly resolve the actuality of the project without wasted time or unnecessary trial and error. The result; an artistic success.**

**I strongly support Joseph Oshry and am pleased to write this recommendation. Producers would always greatly benefit from his outstanding collaboration.**

**Sincerely,**

**Robert de Warren**
